**888 wins Casino Operator of the Year at EGR Awards**

888, one of the world's most popular online gaming entertainment and solutions providers, is delighted to announce that 888Casino has been named Casino Operator of the Year at the EGR Operator Awards.

The annual awards, which celebrate the best in class operators in the online gaming industry, is a leading benchmark across the industry. All finalists undergo a tough judging process, including a presentation to a panel of industry experts.

At the Capital Markets Day in June this year, the Group highlighted the impact of Orbit, its new user-friendly casino platform with an AI-powered dashboard, and its industry-leading portfolio of high quality games developed from its in-house studio, as well as from the best third party gaming providers. These initiatives have led to a significant increase in all casino KPIs for the Group.

**Itai Pazner, CEO of 888, commented:**

“Receiving this prestigious award is an industry endorsement and testament to the hard work of the 888 team. It reflects our capability to adapt and innovate our products to ensure we are offering our customers the best, most secure gaming experience.”
